SOX SQUAD AT BATTING PRACTICE

SOX SQUAD AT HOT SPRINGS, ARKANSAS

Hot Springs, Ark., March 29.—Boston fans this year have the world series all out and dried as a Beantown affair exclusively. They predict with a good deal of certainty that the Red Sox will lead the National and American leagues respectively and that the climax will be a world series held right in Boston.

A photograph shows the Red Sox at batting practice in their spring training camp here.

SHOWS REVERSAL

Against Welsh, Away His Surprise.

WIS., March 29.—Talk here has been that Fredrick Welsh, the lightweight, being out of the picture for the time being, would be a surprise. Welsh, who only a few days ago had been beaten on points by the champion, was seen today at Madison Square Garden, New York.

BOWLING

Wentworth's Bowling Club made a strong bid to the title for the championship of the industrial league in the Central division Monday night, but the winners managed to see out a victory in the second game, which gave them a sustained margin to land the league banner. As it was, the winners took three of the four points in the match.

In the other match the El Paso Laundry Trainers took all three games from the Central Point, thus holding a tie for the title in the league standing.

George Kew was high single with 149 in the first game, while Chas. had the high aggregate with 523. In the second match, the individual bowlers went in H. K. Baker, with 212 for high single and 523 for high total.

The final standing of the league:

Team	W	L	Pts.
Wentworth's	10	4	20
Central Point	8	6	16
El Paso Laundry	5	9	10
Central Point	4	10	8

The final game of the league was played at the El Paso Laundry Trainers' club. The winners took all three games from the Central Point, thus holding a tie for the title in the league standing.

Buffalo Feds Rely On Pitchers

Ehmke, Coast Phenom, Is On Staff

BY FRANK G. MENKE.

ALBANY, N.Y., March 29.—Armed with a powerful pitching staff, Larry Schaffly, manager of the Buffalo Bisons, hopes to bludgeon his way into one of the topnotch positions in the Federal league during the coming season. And, after watching the Buffalo outfit at work, it seems that Schaffly is not hoping in vain.

"If I can get this range of mine to hitting, we'll make the other teams sit up and take notice all the way down the stretch," said Schaffly. "Our fault last year was weak hitting. This year we have one or two additions to the squad who certainly will add to our batting strength and I look for the boys who were in the slump last year to hammer 'em out."

The Buffalo outfit in these training camp days does not look like a weak hitting outfit. It has been hitting all kinds of pitching square on the nose and the clubbers are getting tremendous distances with their drivers.

As for the pitching staff, well, in 1914 it ranked as one of the best in baseball. This year it looks even better. Schaffly has added Howard (Bob) Ehmke, the Pacific coast phenom, to the staff and the kid looks like a winner. Ehmke is six feet 3 1/2 inches tall in his stocking feet and he hasn't reached his full growth. He is right handed with a good arm and a good curve and great speed. Out in Los Angeles, he was the star of the American league for 1913, but he jumped to the Pacific coast when he was signed by the Buffalo Bisons.

Ehmke is one of the best looking kid pitchers I have seen in years," said Schaffly. "In another year he'll make them all stand on their heads. He doesn't plan to work him regularly this year because he is so young, but he'll be a regular in 1916."

Russell Ford, ex-Yankee, who made a great pitching record with the Buffalo Bisons in 1914, will be one of the mainstays this year. Ford is a right hander with a good arm and a good curve and great speed. Out in Los Angeles, he was the star of the American league for 1913, but he jumped to the Pacific coast when he was signed by the Buffalo Bisons.

RAILROAD FARES SMALL FACTOR

New League Will Not Suffer Greatly From Traveling Expenses, Belief.

One of the arguments used against the formation of the El Paso Baseball association is that railway expenses will eat up so much money that the club cannot be a success. A rough estimate of the mileage required by the tentative schedule shows that each team will have to travel but little over 200 miles for the entire season.

With 12 men to a team, this will mean a total of about 2,400 miles. By using the rail rates, the club will get a rate of 2 cents a mile, so the total railway fares will not be over \$480 each, or about \$240 per team per month.

Playing independent ball and a limited number of games, the Silver City semipro team paid out \$450 in railway fares last season and even then that was not considered very much. When they are playing practically every day, the Noguera fans are not ready to give a definite answer regarding their position with relation to the new league. They have all the data regarding the league before them and are now discussing ways and means. Two meetings have been held already, according to reports reaching here, and if the club is able to raise enough to see it through the whole season, then they will seek a franchise. Noguera wants a winning team and if it enters the league, it will have funds ahead for the whole season, independent of the sale receipts.

Another meeting of the Phoenix fans has been called for tonight, when officers will be chosen and a business manager named to look after the financial end of affairs. Herb Heister will manage the team.

The Albuquerque club is getting along fine. The capitalization of the club has been placed at \$10,000 in shares of \$1 each. An effort is being made to sell 500 shares of stock at once and the committee in charge is meeting with great success. O. A. Matson is the president of the club and Leo Murphy has been named as secretary.

Ray Sirois, of Albuquerque, expressed his sentiments as follows: "I think Albuquerque can put through this club. Sooner or later the big league clubs will take notice of the climate here. They are having bad weather in some of the training camps now."

Bill Hurley, who has been at Las Cruces immediately on his arrival here Monday, had a conference with the citizens' committee and the campaign for the sale of stock in the Las Cruces Baseball club was under way. Already, several of the fans have agreed to subscribe for \$100 of stock each and it will not take long for the Las Cruces club to get going. They have a good ball park and Hurley will at once issue a call for candidates for his team to put in an appearance for the preliminary practice. Bill figures that his men will need less than two weeks of stiff work so will likely start his "official" training camp about April 15.

New Mayor's Picture To Be Hung in City Hall By Mrs. Hammitt

Mayor-elect Tom Lea's photograph will be hung in the mayor's office in the city hall on Monday, March 31, by Mrs. Hammitt. It is the day that he is inaugurated as the city's chief executive.

Mrs. Hammitt has undertaken to supply the city with likenesses of all of its mayors since the first one and she is now having V. J. Friedman make an aerial likeness of Mr. Lea, which will be framed and ready for hanging on the day that he takes office. He will be the third mayor of El Paso to have been born in Missouri, the native state of Mrs. Hammitt, her husband, the late H. F. Hammitt, having been a native Missourian as was C. R. Moorhead, his successor.

"This picture gallery of the mayors is one of my pet projects," said Mrs. Hammitt. "I selected the idea of having all of the mayors' pictures framed and placed in the mayor's office at the time of the 100th anniversary of the city. I was asked to contribute something to the Texas building at the fair and I decided to have the photographs of the mayors to date, and I thought the mayor's room of the building would be a most fitting place."

After the fair I obtained permission to bring these pictures back here and hang them in the mayor's private office. Since that time I have succeeded in getting all of the pictures of all the mayors to date, and Mr. Lea's will be the third likeness of a Missourian to be hung there, including that of my husband.

"I am happy to say that the new mayor is a Missourian, for that is my home state. I am only a Texas by adoption and I love El Paso dearly because El Paso has been good to me. But Missouri is always 'home' to me."

"I'LL ENFORCE THE RULES," SAYS REFEREE WELCH

Jack Welch, the San Francisco man who will referee the Johnson-Willard fight in El Paso Monday afternoon, expressed satisfaction that he had been chosen as the official in charge of the big fight and declared that he hoped to give satisfaction.

Welch has refereed many of the important championship fights at San Francisco and is accounted an unusually good official for long bouts. It is evident, therefore, that Willard, Johnson and the promoters are all relying for the possibility that the bout may go beyond 20 rounds.

"I am going to enforce the rules and if either man attempts tactics that are not recognized by the Marquis of Queensbury rules, then he will be disqualified at once," declared Welch.

WISCONSIN UNIVERSITY TRACK TEAM COMING

The track team of the Wisconsin University is now on its way in the big sports in connection with the Pan-American exposition at San Francisco and will arrive in El Paso on Thursday over the Southern Pacific.

They are expected to stop off here for a few days to rest the team.

MORAN KNOCKS OUT BOMBARDIER WELLS

London, England, March 28.—Frank Moran, the American heavyweight, who came from Pittsburgh, knocked out the Canadian champion, Bombardier Wells, in the 10th round before 4500 spectators in the London opera house Monday night. The match was for 20 rounds and a purse of \$1000.

Moran sent a right to Wells' jaw and the English champion fell flat on his back in the ring as it was.

The crowd, which had watched Wells' clever boxing enthusiastically, stood stunned. They cheered and cheered, and Wells' second, Riffa, who was in the ring, carried it over the ropes.

In the first round Moran outboxed and outgassed the Englishman, but in the second Wells seemed to regain his nerve and from then until the knockout fought the heavier and more scientific battle, although Moran's blows seemed to do the greater damage.

In the 10th Wells slipped and Moran put a vicious right to the jaw, which sent Wells sprawling on his back. He lay until the count of six, and then rose unsteadily, while the crowd roared. As Wells got to his feet, Moran sent another lightning right to the jaw, and the Englishman took the count.
